1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 05, 2005 has been entered.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest an optical component for reflecting radiation comprising a prism having an entrance face, an exit face and a reflecting face, wherein a beam of radiation enters the entrance face at the external Brewster's angle, then reflected by total internal reflection at the reflecting face and exits the prism via the exit face at the external Brewster's angle with a path that is offset by about 90 degrees from the path at which the beam enters the prism, as recited in claims 1, 5, 10, 11 and 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
